General Phone: 415-551-2320

Contact: Terrence Riley  
E-mail: [triley@aimhigh.org](mailto:triley@aimhigh.org)  
Phone: 415-551-2320

### **What requirements must students meet to participate?**

Students must be low-income middle school students in the locations that we serve.

### **Description of Program**

Aim High is the largest academic summer program provider for middle school students in the Bay Area, operating campuses in San Francisco, Oakland, Marin County San Mateo County, and Tahoe/Truckee. The program combines intensive, engaging and challenging academic classes with activities and events that create opportunities for leadership development and community exploration. Students join after 5th or 6th grade, and participate for three or four consecutive summers - at no cost to them or their families.

### **Offered During:**

Summer

### **Programming Frequency:**

For five weeks during the summer  
More than 20 hours

### **Capacity:**

We serve 1400 students every summer

### **Location of Program:**

School Site

### **Schools Served:**

SFUSD-Mission  
And several other San Francisco Middle Schools

## Athletic Scholars Advancement Program

3750 18th Street  
San Francisco, CA 94114  
Website: [www.missionasap.org](http://www.missionasap.org)  
General Phone: 415-241-6240 x3104

Contact: Kate Levitt Brandin  
E-mail: [kateb@missionasap.org](mailto:kateb@missionasap.org)  
Phone: [kateb@missionasap.org](tel:415-241-6240)

### **What requirements must students meet to participate?**

They must first be students enrolled at Mission High School in San Francisco. They must also maintain a 2.5 GPA, and have excellent school attendance, involvement in athletics, and a commitment to community service.

### **Description of Program**

ASAP is a resource center at Mission High school that works with all student athletes. We help students excel on the field and in the classroom by providing year-round advising and mentorship. We provide scholarships to attend academic, athletic and leadership programs during the summer, and provide one-on-one college advising and support to help make sense of the college application process and plan for success after graduation.

### **Offered During:**

During School  
After School

### **Programming Frequency:**

2-3times per week  
2 to 5 hours

### **Capacity:**

325

### **Location of Program:**

School Site

### **Schools Served:**

SFUSD-Mission

## **Bayview Association for Youth**

### **100% College Prep Institute**

1201 Mendell Street  
San Francisco, CA 94124  
Website: www.bay100cpi.org  
General Phone: 415-550-9455

Contact: Diane Gray  
E-mail: dianeg@bay100cpi.org  
Phone: 4157931004

#### **What requirements must students meet to participate?**

Youth should enter the program with a minimum grade point average 2.0.

#### **Description of Program**

Provide appropriate and high level college preparatory services by closely monitoring each youth and targeting services to their individual needs. Services include tutorial services, college entrance exam prep workshops, educational & college advising and exposure to rewarding careers. Introduction to an array of colleges and universities throughout the nation through college tours and an extensive college resource library.

#### **Offered During:**

After School

#### **Programming Frequency:**

3-4 times per week  
15 to 20 hours

#### **Capacity:**

200

#### **Location of Program:**

School Site  
Organization Site

#### **Schools Served:**

SFUSD-Wallenberg  
SFUSD-Thurgood Marshall  
SFUSD-Everett Middle School

## Beyond 12

901 Mission Street Suite 205  
San Francisco, CA 94103  
Website: www.beyond12.org  
General Phone: 866.699.7070

Contact: Alexandra Bernadotte  
E-mail: alex@beyond12.org  
Phone: 415 762 9074

### **What requirements must students meet to participate?**

Beyond 12 partners primarily with high schools, colleges and college access/success organizations so we do not outreach to students directly. The organizations with whom we partner must serve primarily (at least 60%) students who have traditionally been underrepresented in higher education: students from low-income backgrounds; students from ethnic minority groups that haven't traditionally attended college (African American, Latino, Pacific Islander and Native American); and students who are the first in their families to attend college.

### **Description of Program**

We work with college students: 1) College Coaching - we have a "near peer" model whereby students receive coaching from recent college graduates for their first two years of college 2) Social Networking - we connect students to each other and to valuable campus resources through through a facebook app 3) College Transition Support - We sponsor a Summer Institute during which recent college graduates connect with each other to build their collegiate networks before they actually arrive on their respective college campuses.

### **Offered During:**

Our students are in college so we offer services

### **Programming Frequency:**

Once a week  
Less than 2 hours

### **Capacity:**

820 coaching; 17,000+ through technology

### **Location of Program:**

Our coaching is primarily virtual

### **Schools Served:**

## College Summit - Northern California

703 Market St. Suite 205  
San Francisco, CA 94103  
Website: [www.collegesummit.org](http://www.collegesummit.org)  
General Phone: 415.227.9905

Contact: Amanda Hill  
E-mail: [ahill@collegesummit.org](mailto:ahill@collegesummit.org)  
Phone: 415.227.9905 x110

### **What requirements must students meet to participate?**

Students must be enrolled at a high school that is a current College Summit partner. And students must be in one of the the grades (9th-12th) that the school has asked us to serve.

### **Description of Program**

College Summit provides students with a comprehensive set of tools to support your postsecondary planning, for life after high school. Services are only provided through partner high schools - please check with your Advisor, Counselor, or Principal to see if your school is or might become a College Summit partner.

### **Offered During:**

During School  
+ Summer Workshops

### **Programming Frequency:**

2-3times per week  
Less than 2 hours

### **Capacity:**

1500

### **Location of Program:**

School Site

### **Schools Served:**

SFUSD-June Jordan  
Leadership High School (SF)

117 Broadway  
Oakland, CA 94607  
Website: www.collegetrack.org  
General Phone: 510.835.1770

Contact: Shannon LeCompte  
E-mail: slecompte@collegetrack.org  
Phone: 510.918.2027

**What requirements must students meet to participate?**

Students apply to their local site during the spring of their eight grade year and go through an interview process. Selected eighth graders attend ASAP summer programming for a month during the summer prior to the first year of high school. Students stay together as a cohort throughout high school and are required to participate in College Track programming during after-school hours offered Monday through Friday. After high school graduation, students who remain actively engaged with the College Track College Success Team during college have access to coaching, financial assistance and other programming designed to help them transition to, navigate and graduate from college.

**Description of Program**

College Track is an afterschool, college preparatory program that works to increase high school graduation, college eligibility and enrollment, and college graduation rates in under-resourced communities. Through our center-based approach and core service areas, College Track has created a culture of high expectations and success. We ensure that each student is college ready and provide support that many students do not have at home or school. We actively engage students over the course of eight years, from the summer before high school through college graduation. Our High School Services and College Services are centered around four core service areas:

1. Academic Affairs is a comprehensive program that supports and encourages students to succeed in high school while preparing them for the rigors of college. Students are expected to reach a target GPA in A-G classes for each grade level.
2. Student Life provides students with the opportunities, resources, and tools to explore their passions and constructively engage in their communities through active civic participation.
3. College Affairs guides students in all aspects related to college admissions. Students also receive support with find and applying to a variety of college scholarships.
4. College Success supports College Track college students through financial assistance, coaching and additional programming designed to ensure that they successfully navigate and graduate from college. These core service areas are designed to ensure that College Track graduates not only receive admission to a higher education institution, but are fully prepared to succeed in and graduate from college.

**Offered During:**

After School

**Programming Frequency:**

Five days (Monday through Friday)  
15 to 20 hours

**Capacity:**

900 high school (national) and 400 college students

Phone: 415.407.5352

### **What requirements must students meet to participate?**

K-12th grade

### **Description of Program**

We talk a lot about helping students understand the importance of entrepreneurship, financial literacy, and work readiness. But what kind of impact can possession of these skills have on your life? Think about it. What are you going to be when you grow up? How much education will you need to pull it off? Where are you going to live? What are you going to drive? How much will all of it cost you? What about your credit? These questions are part of all the serious stuff you need to ask yourself. You've got a role to play here - and JA wants to help you nail down the part. We ask volunteers to come into your classroom and talk about important "real world" issues. The programs each volunteer uses are specifically designed to help you begin preparing for a successful future - and to understand that there is no limit to your potential. Contact your local JA office to learn how you can become involved.

### **Offered During:**

During School  
After School

### **Programming Frequency:**

Once per school year or once per week for 5-16 weeks  
2 to 5 hours

### **Capacity:**

10,500 in San Francisco, Over 122,000 in Northern California

### **What requirements must students meet to participate?**

Must have the desire to attend 4-year college! Willing to explore schools outside of California Not involved in another college access program Current high school juniors Minimum 2.5 GPA On-track to complete A-G requirements Qualify for free/reduced-lunch program First generation to attend four-year college in the U.S. Live or go to school in the Mission District

### **Description of Program**

Each year, the program recruits 25 4-year college-bound high school juniors from throughout the neighborhood who are first generation to attend college. This multi-year program provides structured, personalized college admissions support to students and their parents through high school graduation, as well as ongoing guidance during college. Services include ACT prep, financial literacy, assistance writing the personal statement, building the college list, college applications, scholarship applications, completing the FAFSA, and a college tour during the spring of the junior year. We also assist students during their transition to college and the student graduates college.

### **What requirements must students meet to participate?**

2/3 of our students must be low income and first generation students (i.e., potential first in their families to graduate with a B.A.). The majority of our students reside at our target schools, however, we work with other students when feasible.

### **Description of Program**

PACT, Inc. is a non-profit, community based organization. We have been in existence for nearly 50 years, and the majority of our funding comes from the U.S. Department of Education in Washington D.C. We are also known as a federal TRiO program. Our advisors provide college advising at target high schools and our tutors assist in class and after school, typically at the middle school level.

### **Offered During:**

During School  
After School

### **Programming Frequency:**

Every day  
We work with students every day. We service each student at least 3 times per year.

**What requirements must students meet to participate?**

For our Drop-in workshops, we serve low-income, under resourced families and students in the Bay Area. Our scholars with online profiles are nominated as high school seniors through our partner organizations who offer additional support services to our students throughout college. Nominated students complete a rigorous application process to be selected for our site and must demonstrate the following criteria to be considered: - Financial need - Leadership skills and/or interest in community service - Commitment to continuing education - Students who are selected to join the site are eligible for financial assistance based on need for up to - Four years and commit to engaging with the organization and their donors throughout their college journey.

**Description of Program**

**College Scholarships** ScholarMatch provides scholarships for low-income, ethnically diverse students for four years. Our scholarships fill the gap after other resources are exhausted. Since our founding in May 2010, we have raised more than \$130,000 in scholarships for 64 students. Read more about our impact here. **Workshops** ScholarMatch provides bilingual workshops to assist students and their families with completing online profiles, college applications, and financial aid forms. **Donor-Scholar Connections** Donors review scholars’ profiles on the ScholarMatch website and can make contributions online towards scholars’ scholarship goals. Once a donor is matched to a student, ScholarMatch facilitates a relationship between donors and their scholars by providing updates throughout the year on student progress. **Advocacy** ScholarMatch advocates for students and assists in securing financial aid packages. **Partnerships** ScholarMatch partners with community organizations to recruit students with financial need who are committed to continuing their education. Our partners support students throughout their college career and include College Track, First Graduates, Mission Graduates, and Students Rising Above, among others.

### **What requirements must students meet to participate?**

grades 6-12; low income; first in family to go to college

### **Description of Program**

Seven Tepees partners with San Francisco's youth for a period of over seven years - from the summer after you graduate from 5th grade through high school graduation and into college. We will support you in gaining the building blocks that help you create positive, successful futures. Support includes after-school tutoring and homework help, academic enrichment, academic advising and working with you, your parents and your teachers to support your academic success. Activities include outdoor trips (camping, whale watching, snow trips), matching with a mentor and summer paid internships.

## Summer Search

500 Sansome Street, Suite 350  
 San Francisco, CA 94111  
Website: <http://www.summersearch.org/>  
General Phone: 415.362.0500

Contact: Joni Bissell  
E-mail: [jbissell@summersearch.org](mailto:jbissell@summersearch.org)  
Phone: 415.362.0500 x 118

### What requirements must students meet to participate?

Students are referred in their sophomore year of high school, typically by a referral partner who is a teacher or counselor in the school. 95% of Summer Search students are low-income (defined as eligible for free/reduced Federal lunches). They are primarily first generation college bound students who show potential to be leaders in their schools, families and communities, though they are usually not the obvious high achieving students, academically or socially. Students must then submit an essay and complete an in depth interview.

### Description of Program

Summer Search identifies low-income high school students with leadership qualities and supports them from their sophomore year of high school through their first two years of post-secondary education. There are scholarships to two life-changing summer trips and of course that is one of the best parts of our program. But what makes Summer Search just as special is the year-round support you will receive; a mentor to talk to weekly - about school, work, life, or your summer trip. College support during your senior year - help choosing the right college, assistance with applying, and even help searching for financial aid. 91% of our students in 2010 were the first in their families to go to college - which is an amazing achievement! We will help guide you through the college process so it is not a mystery. Even while you are in college we will be there for you - to check in and help you find internships exclusive to Summer Search students. After 5 years, alumni continue to stay connected, receive support and give back to Summer Search as members of the Alumni Association. As a Summer Search alumnus, you'll be part of an exclusive group of individuals whose lives are impacted by Summer Search. And remember, once a Summer Searcher, always a Summer Searcher!

Phone: 415-948-1585

## **What requirements must students meet to participate?**

In general, students must demonstrate both an academic and financial need. Individual tutoring scholarships are decided upon via application. Larger programs vary in the degree to which students apply, but are always conducted on an opt-in basis. School and CBO partners will work together with us to determine which students participate in our program.

## **Description of Program**

The Tutorpedia Foundation offers tutoring scholarships to deserving K-12 students in the Bay Area. Students apply to receive one hour of free tutoring every week throughout the school year – approximately 30 hours of one-on-one academic support. Students are matched with an experienced tutor, and will meet with the same tutor throughout the course of the year. Tutors help with homework, test preparation, study skills, and organizational strategies. All tutoring is student-centered: Our tutors focus each session on the individual needs and goals of each student. The scholarship application is open to all students, but accepted students will have both a financial and academic need for tutoring.
